

From the Pastor's Desk...—

Salvation is not like an airline ticket to Brussels, Belgium. It is not just to provide us a passage to eternity and the Holy City. The baptism of the Holy Spirit is coupled with the great commission: "Ye shall receive power after that the Holy Ghost is come upon you: and ye shall be witnesses unto me both in Jerusalem, and in all Judaea, and in Samaria, and unto the uttermost part of the earth." You need to share what you know.

The knowledge God gives is not given as a private keepsake to be stowed in a curio cabinet. God intends for us to share the knowledge we have received with other people—with our children, our families, our neighbors, our countrymen, and with people from every nation in the world.

When gold was discovered in 1849 in Sutter's Mill in Sacramento, California, the word spread and the gold rush began. Men left their Eastern cities and farms, and journeyed over the hot and dry trails to California. From man to man, from mouth to ear, the knowledge was shared. As the knowledge of transportation has advanced, the information about the automobile, the steamship, the railroad, the ocean liner, the airplanes, and the rocket ships has been passed on. How much more should the biblical discoveries and revelations be passed on to others.

A Prayer For Our Pastor

Lord, let me be a pillar of strength to
up, and not a thorn in his flesh to
strength, nor a burden on his back to pull him
down. Let me support him without striving to
possess him. Let me lift his hands without
placing shackles around them. Let me give him
help that he may devote more time in working for
the salvation of others and less time in
gratifying my vanity. Let me work for him as the
minister of all the members, and not compel him
to spend precious time bragging on me. Let me
strive to be happy as he serves me less and
others more. Amen.

Reaching Out ...

Outreach will be meeting at the church at 10 this Saturday morning. Make
an effort to "Go ye therefore" and reach out to those in this community.
Someone is waiting for someone like YOU to show you CARE! Souls are
crying, men are dying want you lead them to the cross? God let our hearts
be burdened for the lost – and conviction to do our part in reaching them.

PSALM 91:1

Narrow Escape

-- Becky Taylor

A few years ago I was involved in a research study (the use of seat belts) and was working in the New Mexico area. The lady I was working with was very nice and we talked about many things; of course, God was a main subject most any day. She had been telling me all of her ailments and physical health problems and her future really did look bleak. In our course of conversation, I began to witness to her of God's divine power to heal and the miracles that our family had witnessed through the years. After much thought, she said she would have to think on those things some, although she did believe in divine healing. The next morning as we were doing our survey, she told me she had thought about our conversation and she really felt she did *not* want her healing! This was shocking to me because who wouldn't want their healing? Of course, with her situation I figured out why she said this and just left that decision to her and said ok. I love it when God demonstrates his power to even the most skeptical, yet in his wisdom shows us his love and mercy. Of course every morning I would awaken and give God the praise for another beautiful day. I would pray God's protection and go into my day expecting great things and blessings from Him.

It had been a long day with lots of driving. The survey sites were far apart this particular day. We were at a controlled intersection in the country, so the traffic was not at all heavy. There was a lot of road construction going on in several different areas so a lot of construction 18-wheelers were on the road. As we worked this 40 minute interval, an 18-wheeler came to the intersection and stopped. Just as he began to pull out, I had noticed in my rear view mirror that another 18 wheeler was approaching the intersection at highway speed. Gauging the speed of the truck coming from behind and knowing there was not *even* enough time for the truck pulling onto the main road to have time to get out of the way, I grabbed my head and began to scream JESUS, JESUS, JESUS! I saw before my eyes ...A MIRACLE! It was like God was playing cars...but it was for a purpose! The truck pulling out still had the whole trailer to clear the opposite lane, but the oncoming truck was too close. The fast truck moved to the right turning lane, slowing as much as possible. We were parked on the side of the road right next to the turning lane so we were in harm's way. As I began to scream JESUS, I saw, and still don't know how, but the trucks were moved inches out of the way of each other avoiding a disastrous accident. As the truck finished pulling out and the other was on its way, I began to weep saying "THANK YOU JESUS, Oh, THANK YOU JESUS."

It was quiet for a few minutes then the lady spoke up. "When you began to say JESUS and I saw too what was about to happen, I froze and could not speak or move. She too, began to give God praise and glory for protecting us.

God has his own time and way in which he demonstrates his power to doubters, unbelievers and to those that don't think he'll do such things for them! This incident will be a remembrance to that lady forever. She talked about it every day afterward, telling her boys and other workers. We serve an awesome God, He is great and greatly to be praised!
